### **NEWS RELEASE --**

**For Immediate Release Please**

**MFJ Enterprises, Inc.** has agreed to become the exclusive U.S. distributor for Messi and Paoloni coaxial cables. "Messi and Paoloni coax are the Pro's choice! We put a great emphasis on engineering these fine cables" says Stefano Messi of M&P, Italy.

**Messi and Paoloni** coax cables feature the HyperFlex 10 and 13 series and the UltraFlex7, 10, and 13 series. M&P have engineered super lightweight coaxial cable still with super performance.

**M&P use engineering excellence**, exclusive 24-spool braiding machines, PE-coated copper-foil shielding, exclusive foam-expanded three-layer PE dielectric seals, and 99.99% pure electrolytic annealed bare copper.

"**We are proud** to bring in the M&P coaxial products. These cables are of the finest quality and workmanship and hams will love how lightweight and durable they are," said Martin F. Jue, owner MFJ Enterprises, Inc.

**Here** are the products that MFJ Enterprises, Inc. will be distributing in the United States:

**M&P-AB5**, Airborne 5: Replaces LMR-200, lighter than RG-58 but much lower loss.

**M&P-AB10**, Airborne 10: Replaces LMR-400, 43% lighter than 100% copper cable.

**M&P-HYF5**, HyperFlex 5: Replaces LMR-240 UF, stranded center conductor, exceptionally flexible with very low leakage.

**M&P-HYF10**, HyperFlex 10: Replaces LMR-400 UF, very flexible and highly effective against impulse noise.

**M&P-HYF13**, HyperFlex 13: Replaces LMR-600 UF, handles high power levels, yet very easy installation.

**M&P-UF7**, UltraFlex 7: Replaces LMR-300, high flexibility, stranded center conductor.

**M&P-UF10**, UltraFlex 10: Replaces DX 400 MAX, high power handling, low loss, easy to install.

**M&P-UF13**, UltraFlex 13: Replaces LMR-500 UF, highest power rating, easy installation.

**MFJ Enterprises, Inc.** will also be carrying some special connectors for the M&P coaxial lines.
